INDEX TO VOLUME 44

The volume is indexed by SUBJECTS, AUTHORS, and BOOK REVIEWS in that order.

SUBJECTS

Abortion

Risk for unwanted pregnancy among mentally ill adolescent girls, 442

Adolescence

Adolescent suicide at an Indian reservation, 43
Changing population in adolescent residential treatment: new problems for program and staff, 604
Child mental health specialist: a new profession, 150
Crisis intervention for ghetto children: contraindications and alternative considerations, 720
Family concept of the disturbed child: a replication study, 763
How learning conditions in early childhood—including mass media—relate to aggression in late adolescence, 412
Late psychosocial consequences in concentration camp survivor families, 611
Male prostitution: a psychosocial view of behavior, 782
National study of the knowledge, attitudes and patterns of use of drugs by disadvantaged adolescents, 532
Risk for unwanted pregnancy among mentally ill adolescent girls, 442
Value confrontations between psychotherapists and adolescent patients, 337

Aging

Adjustment of aged users of leisure programs, 142

American Orthopsychiatric Association

AOA's president for 1974–75, Orville G. Brim, Jr., 308
Business Meeting, 824
Decade of early intervention programs: what we have learned, 491
Editor's Reports. 2, 306, 482, 658
Orthopsychiatry and continuing education, 660
State of the child: is the glass half-empty or half-full?, 484

Autism

Comprehensive communication approach for a ten-year-old nonverbal autistic child, 396

Behavior Modification

Behavior modification as therapeutic paradox, 353
New biotechnology and the role of legal intervention, 688
Training program in behavior modification for siblings of the retarded, 362

Behavior Symptoms and Problems

Behavior-oriented treatment program for deaf clients in a comprehensive rehabilitation center, 376
Crisis intervention for ghetto children: contraindications and alternative considerations, 720
How learning conditions in early childhood—including mass media—relate to aggression in late adolescence, 412
Intellectual functioning of hyperactive elementary school boys: a cross-sectional investigation, 754
Parents' attitudes toward children's problems and toward use of mental health services: socioeconomic differences, 109
Re-education: a mental health service in an educational setting, 450
Social system and children's behavior problems, 497

Camp Experience

Training program in behavior modification for siblings of the retarded, 362

Child Rearing and Development (see Infant Development)

Childrearing practices of young mothers: what we know, how it matters, why it's so little, 70
Engrossment: the newborn's impact upon the father, 520
Environment, experience and intellectual development of young children in home care, 773
Houston parent-child development center: a parent education program for Mexican-American families, 121
Eye of the beholder: parents' views on sex of newborns, 512

Social class differences in the ability of young children to use verbal information to facilitate learning, 86

Children

Adolescent suicide at an Indian reservation, 43
Child mental health specialist: a new profession, 150
Childrearing practices of young mothers: what we know, how it matters, why it's so little, 70
Comprehensive communication approach for a ten-year-old nonverbal autistic child, 396
Decade of early intervention programs: what we have learned, 491
Doing your own think: transmission of cognitive skills to inner city children, 596
Environment, experience and intellectual development of young children in home care, 773
Etiological research in schizophrenia and the rationale for primary prevention, 538
Houston parent-child development center: a parent education program for Mexican-American families, 121
How learning conditions in early childhood—including mass media—relate to aggression in late adolescence, 412
Intellectual functioning of hyperactive elementary school boys: a cross-sectional investigation, 754
Intercultural study of aggressive behavior on children's playgrounds, 503
Late psychosocial consequences in concentration camp survivor families, 611
Parents' attitudes toward children's problems and toward use of mental health services: socioeconomic differences, 109
Psychiatric screening and brief intervention in a pediatric program utilizing allied health personnel, 568
Reconsideration of the consultation model for delivery of school-based psychological services, 579
Re-education: a mental health service in an educational setting, 450
Social class differences in the ability of young children to use verbal information to facilitate learning, 86
Social system and children's behavior problems, 497
State of the child: is the glass half-empty or half-full?, 484
Talking with children about death, 404
Training program in behavior modification for siblings of the retarded, 362

Clinic Operation

Brief group therapy to facilitate utilization of mental health services by Spanish-speaking patients, 37
Brief review of the effects of race in clinical service interactions, 555
Clash in perspective between mental patients and staff, 432
Crisis intervention for ghetto children: contraindications and alternative considerations, 720
Group therapy for blacks in a therapeutic community, 26
Houston parent-child development center: a parent education program for Mexican-American families, 121
Model for delivery of mental health services to Spanish-speaking minorities, 584
Psychiatric screening and brief intervention in a pediatric program utilizing allied health personnel, 568
Separate and together: all-black therapy group in the white hospital, 19
Working model for mental health program evaluation, 741

Communication Analysis

Behavior modification as therapeutic paradox, 353

Community Mental Health

Brief group therapy to facilitate utilization of mental health services by Spanish-speaking patients, 37
Child mental health specialist: a new profession, 150
Family structure, aftercare, and post-hospital adjustment, 76
Group therapy for blacks in a theraeputic community, 26
Model for delivery of mental health services to Spanish-speaking minorities, 584
Parents' attitudes toward children's problems and toward use of mental health services: socioeconomic differences, 109
Prevention and treatment of mental illness in the People's Republic of China, 620
Professional, organizational, and social barriers to primary prevention, 707
Working model for mental health program evaluation, 741

Disadvantaged Children

Adolescent suicide at an Indian reservation, 43
Affluent society's excuses for inequality: developmental, economic, and educational, 4
Crisis intervention for ghetto children: contraindications and alternative considerations, 720
Doing your own think: transmission of cognitive skills to inner city children, 596

Houston parent-child development center: a parent education program for Mexican-American families, 121
National study of the knowledge, attitudes and patterns of use of drugs by disadvantaged adolescents, 532
Parents' attitudes toward children's problems and toward use of mental health services: socioeconomic differences, 109
Social class differences in the ability of young children to use verbal information to facilitate learning, 86

Drugs

Addicts, police, and the neighborhood social system, 129
National study of the knowledge, attitudes and patterns of use of drugs by disadvantaged adolescents, 532

Education

Affluent society's excuses for inequality: developmental, economic, and educational, 4
Doing your own think: transmission of cognitive skills to inner city children, 596
Orthopsychiatry and continuing education, 660
Patterns of adaptation among black students at a predominantly white university, 728
Recent women college graduates: a study of rising expectations, 312
Reconsideration of the consultation model for delivery of school-based psychological services, 579
Re-education: a mental health service in an educational setting, 450
Social class differences in the ability of young children to use verbal information to facilitate learning, 86
Social system and children's behavior problems, 497

Ethical Concerns (Professional Ethics)

New biotechnology and the role of legal intervention, 688
Perspectives on the medical research of violence, 675
Psychosurgery: ethical issues and a proposal for control, 661

Group and Family Therapy

Brief group therapy to facilitate utilization of mental health services by Spanish-speaking patients, 37
Family rules: family life styles, 61
Group psychotherapy with stroke patients during the immediate recovery phase, 386
Group therapy for blacks in a therapeutic community, 26
Separate and together: all-black therapy group in the white hospital, 19

Health Care Systems

Child mental health specialist: a new profession, 150
Decade of early intervention programs: what we have learned, 491
Professional, organizational, and social barriers to primary prevention, 707
Prevention and treatment of mental illness in the People's Republic of China, 620
Recidivism of mental patients: a review of past studies, 675
Sexism and psychiatry, 327
State of the child: is the glass half-empty or half-full?, 484

Homosexuality

Male prostitution: a psychosocial view of behavior, 782

Infant Development (see Child Development)

Childrearing practices of young mothers: what we know, how it matters, why it's so little, 70
Decade of early intervention programs: what we have learned, 491
Engrossment: the newborn's impact upon the father, 520
Environment, experience and intellectual development of young children in home care, 773
Eye of the beholder: parents' views on sex of newborns, 512
Houston parent-child development center: a parent education program for Mexican-American families, 121

International Reports

Intercultural study of aggressive behavior on children's playgrounds, 503
Prevention and treatment of mental illness in the People's Republic of China, 620

IQ and Testing

Affluent society's excuses for inequality: developmental, economic, and educational, 4
Decade of early intervention programs: what we have learned, 491
Intellectual functioning of hyperactive elementary school boys: a cross-sectional investigation, 754

Language Development

Behavior-oriented treatment program for deaf clients in a comprehensive rehabilitation center, 376
Comprehensive communication approach for a ten-year-old nonverbal autistic child, 396
Grammatical gender and gender identity development: cross cultural and cross lingual implications, 424

Social class differences in the ability of young children to use verbal information to facilitate learning, 86

Law and Legislation

Addicts, police, and the neighborhood social system, 129
New biotechnology and the role of legal intervention, 688
Perspectives on the medical research of violence, 675

Mass Media

How learning conditions in early childhood—including mass media—relate to aggression in late adolescence, 412

Mental Health Nonprofessionals

Addicts, police and the neighborhood social system, 129
Effectiveness of college students as therapeutic agents with chronic hospitalized patients, 92
Re-education: a mental health service in an educational setting, 450

Mental Health Professionals

Child mental health specialist: a new profession, 150
Clash in perspective between mental patients and staff, 432
Orthopsychiatry and continuing education, 660
Professional, organizational, and social barriers to primary prevention, 707
Sexism and psychiatry, 327
Working model for mental health program evaluation, 741

Mental Retardation

Behavior-oriented treatment program for deaf clients in a comprehensive rehabilitation center, 376
Training program in behavior modification for siblings of the retarded, 362

Mental Health Systems

Professional, organizational, and social barriers to primary prevention, 707
Working model for mental health program evaluation, 741

Parent-Child Interaction

Childrearing practices of young mothers: what we know, how it matters, why it's so little, 70
Doing your own think: transmission of cognitive skills to inner city children, 596
Engrossment: the newborn's impact upon the father, 520
Environment, experience and intellectual development of young children in home care, 773
Eye of the beholder: parents' views on sex of newborns, 512
Family concept of the disturbed child: a replication study, 763
Houston parent-child development center: a parent education program for Mexican-American families, 121
How learning conditions in early childhood—including mass media—relate to aggression in late adolescence, 412
Intercultural study of aggressive behavior on children's playgrounds, 503
Late psychosocial consequences in concentration camp survivor families, 611
Parents' attitudes toward children's problems and toward use of mental health services: socioeconomic differences, 109

Preschool Programs

Decade of early intervention programs: what we have learned, 491
Houston parent-child development center: a parent education program for Mexican-American families, 121
State of the child: is the glass half-empty or half-full?, 484

Primary Prevention

Decade of early intervention programs: what we have learned, 491
Etiological research in schizophrenia and the rationale for primary prevention, 538
Prevention and treatment of mental illness in the People's Republic of China, 620
Professional, organizational, and social barriers to primary prevention, 707
State of the child: is the glass half-empty or half-full?, 484

Psychiatric Research

Clash in perspective between mental patients and staff, 432
Family structure, aftercare, and post-hospital adjustment, 76
Perspectives on the medical research of violence, 675
Recidivism of mental patients: a review of past studies, 697
Risk for unwanted pregnancy among mentally ill adolescent girls, 442

Psychological Research

Effectiveness of college students as therapeutic agents with chronic hospitalized patients, 92
Engrossment: the newborn's impact upon the father, 520
Eye of the beholder: parents' views on sex of newborns, 512
Family concept of the disturbed child: a replication study, 763

Grammatical gender and gender identity development: cross cultural and cross lingual implications, 424
How learning conditions in early childhood—including mass media—relate to aggression in late adolescence, 412
Intellectual functioning of hyperactive elementary school boys: a cross-sectional investigation, 754
Intercultural study of aggressive behavior on children's playgrounds, 503
Late psychosocial consequences in concentration camp survivor families, 611
Male prostitution: a psychosocial view of behavior, 782
Social class differences in the ability of young children to use verbal information to facilitate learning, 86
Social system and children's behavior problems, 497

Psychotherapy

Behavior modification as therapeutic paradox, 353
Brief group therapy to facilitate utilization of mental health services by Spanish-speaking patients, 37
Crisis intervention for ghetto children: contraindications and alternative considerations, 720
Dynamics of interpersonal spacing in monkeys and man, 790
Etiological research in schizophrenia and the rationale for primary prevention, 538
Family rules: family life styles, 61
Group psychotherapy with stroke patients during the immediate recovery phase, 386
Group therapy for blacks in a therapeutic community, 26
Patients in psychoanalysis: some findings related to sex and religion, 102
Prevention and treatment of mental illness in the People's Republic of China, 620
Separate and together: all-black therapy group in the white hospital, 19
The humanizer, 345
Value confrontations between psychotherapists and adolescent patients, 337

Rehabilitation

Behavior-oriented treatment program for deaf clients in a comprehensive rehabilitation center, 376
Clash in perspective between mental patients and staff, 432
Family structure, aftercare, and post-hospital adjustment, 76
Group psychotherapy with stroke patients during the immediate recovery phase, 386
Re-education: a mental health service in an educational setting, 450

Religion

Black family and social class, 50
Model for delivery of mental health services to Spanish-speaking minorities, 584
Patients in psychoanalysis: some findings related to sex and religion, 102

Residential Treatment

Behavior-oriented treatment program for deaf clients in a comprehensive rehabilitation center, 376
Changing population in adolescent residential treatment: new problems for program and staff, 604
Re-education: a mental health service in an educational setting, 450

Schizophrenia

Etiological research in schizophrenia and the rationale for primary prevention, 538
Family structure, aftercare, and post-hospital adjustment, 76
Group therapy for blacks in a therapeutic community, 26

Social and Economic Issues

Addicts, police, and the neighborhood social system, 129
Affluent society's excuses for inequality: developmental, economic, and educational, 4
Black family and social class, 50
Childrearing practices of young mothers: what we know, how it matters, why it's so little, 70
Crisis intervention for ghetto children: contraindications and alternative considerations, 720
Is there a new work ethic?, 563
National study of the knowledge, attitudes and patterns of use of drugs by disadvantaged adolescents, 532
New biotechnology and the role of legal intervention, 688
Parents' attitudes toward children's problems and toward use of mental health services: socioeconomic differences, 109
Perspectives on the medical research of violence, 675
Professional, organizational, and social barriers to primary prevention, 707
Psychosurgery: ethical issues and a proposal for control, 661
Recent women college graduates: a study of rising expectations, 312
Recidivism of mental patients: a review of past studies, 697
Sexism and psychiatry, 327

Social class differences in the ability of young children to use verbal information to facilitate learning, 86
Social system and children's behavior problems, 497
Value confrontations between psychotherapists and adolescent patients, 337

Social Role and Sex Role

Adjustment of aged users of leisure programs, 142
Childrearing practices of young mothers: what we know, how it matters, why it's so little, 70
Dynamics of interpersonal spacing in monkeys and man, 790
Engrossment: the newborn's impact upon the father, 520
Eye of the beholder: parents' views on sex of newborns, 512
Grammatical gender and gender identity development: cross cultural and cross lingual implications, 412
Male prostitution: a psychosocial view of behavior, 782
Patients in psychoanalysis: some findings related to sex and religion, 102
Recent women college graduates: a study of rising expectations, 312
Sexism and psychiatry, 327

Sociocultural

Adolescent suicide at an Indian reservation, 43
Affluent society's excuses for inequality: developmental, economic, and educational, 4
Black family and social class, 50
Brief group therapy to facilitate utilization of mental health services by Spanish-speaking patients, 37
Brief review of the effects of race in clinical service interactions, 555
Dynamics of interpersonal spacing in monkeys and man, 790
Grammatical gender and gender identity development: cross cultural and cross lingual implications, 424
Group therapy for blacks in a therapeutic community, 26
Houston parent-child development center: a parent education program for Mexican-American families, 121
Intercultural study of aggressive behavior on children's playgrounds, 503
Late psychosocial consequences in concentration camp survivor families, 611
Model for delivery of mental health services to Spanish-speaking minorities, 584
National study of the knowledge, attitudes and patterns of use of drugs by disadvantaged adolescents, 532
Patients in psychoanalysis: some findings related to sex and religion, 102
Patterns of adaptation among black students at a predominantly white university, 728
Separate and together: all-black therapy group in the white hospital, 19
Social system and children's behavior problems, 497

Territoriality

Dynamics of interpersonal spacing in monkeys and man, 790

Urban Problems

Addicts, police, and the neighborhood social system, 129
Crisis intervention for ghetto children: contraindications and alternative considerations, 720
Doing your own think: transmission of cognitive skills to inner city children, 596
National study of the knowledge, attitudes and patterns of use of drugs by disadvantaged adolescents, 532
Social system and children's behavior problems, 497

Violence, Self-Injury

Adolescent suicide at an Indian reservation, 43
How learning conditions in early childhood—including mass media—relate to aggression in late adolescence, 412
Intercultural study of aggressive behavior on children's playgrounds, 503
Perspectives on the medical research of violence, 675
Psychosurgery: ethical issues and a proposal for control, 661

Women

Childrearing practices of young mothers: what we know, how it matters, why it's so little, 70
Eye of the beholder: parents' views on sex of newborns, 512
Is there a new work ethic?, 563
Recent women college graduates: a study of rising expectations, 312
Risk for unwanted pregnancy among mentally ill adolescent girls, 442
Sexism and psychiatry, 327

Youth and Students

Effectiveness of college students as therapeutic agents with chronic hospitalized patients, 92
Patterns of adaptation among black students at a predominantly white university, 728
Value confrontations between psychotherapists and adolescent patients, 337
